

Special Options: Custom Colors & Graphics

While Powered Aire takes pride in constructing its units of durable, corrosion-resistant and aesthetically pleasing stainless steel, there are instances when color and graphic options are preferred.

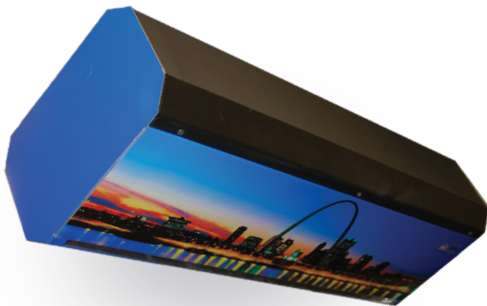

POWDER COATING

Custom colors are available upon request.

CUSTOM DESIGN GRAPHICS

Powered Aire Inc. lets customers get creative with their units with the addition of Custom Design Graphics™. With this aesthetic option, buyers can request special colors, themes, photographs and even wood grain to make their air curtain stand out, or blend in, with its surroundings.

DIAMOND PLATE

A Powered Aire air curtain case constructed of eye-catching diamond steel plate is perfect for industrial settings, auto showrooms and service areas, garages, sports bars and all other places auto buffs like to hang out.
