The design of common elements, such as workstations, have a significant impact on the occupational health, safety, and wellbeing of workers. Many jurisdictions now place a legally enforceable duty of care on designers and employers to ensure a safe work environment.

These lightweight, aluminum stands help level the height differences between employees, providing a safe and comfortable work height for everyone.

- Integrated handle for carrying, cleaning, or storing.
- Disrupted elevation of 3/16" provides an anti-slip tread.
- Center support for additional strength and stability.

- Lifetime Guarantee against rust and corrosion!
- One Year Guarantee against material defects and workmanship.
